

Champion Inspired Chess Lessons

- Increase and improve analytical thinking skills.
- Improve problem solving techniques.
- Increase self-confidence and improve organizational habits.
- Improve logic and reasoning skills.
- Increase patience and persistence.
- Improve decision making skills.

Our individualized chess lessons by world champions, international masters, masters and inspired coaches bring to your child the best expertise to cultivate thinking and focused life skills. Children who are taught chess do better in school. Your child will feel the passion and power of chess. Chess improves grades, test scores, measured intelligence and overall educational performance. In chess, just like in life, you can aimlessly wonder around or set yourself a goal, build a plan and strive to accomplish it. It's your move....

OUR LADY OF MERCY SCHOOL

is proud to offer all students chess instruction from

It's your move!

BEGINNERS CLASS: Knowledge of the game is NOT required to be part of this exciting 8-week program. Students will have fun learning the basics including the history of the game, name of the pieces and how they move. Classes will focus on learning basic strategy and tactics.

U400 CLASS: This class is for children who are new to chess but have already acquired basic skills such as piece movement, basic development and centralization strategy. If you have played casual games with your child but he/she has never played in a USCF tournament or has only played a few times, this is the right class for him/her.

ADVANCED CLASS: Increase your rating and tournament performance-- this fun class is created for children who love the game, and want to play it at a more competitive level. In this class you will increase analytical thinking skills, patience and persistence, improve problem-solving techniques, calculation and decision-making.
