Thursday, December 1 <sup>st</sup>	from 2:30pm - 3:15pm
Thursday, December 8 <sup>th</sup>	from 2:30pm - 3:15pm

**STOCK MARKET CLUB**

**STOCK MARKET CLUB**

The purpose of the Stock Market Club is to give students an introduction to the world of investments and finance. In the club, students will have an opportunity to invest an imaginary \$1,000,000 into stock(s) of their choosing and will learn how to track the performance of their investments. They will learn basic stock market-related terminology and finance-related mathematical concepts such as compound interest. At club meetings, we typically spend some time reviewing a key concept and then play a game to re-enforce the idea. Some games we have played are "Stock Market Terminology Jeopardy", "The Bouncy Stock Price Game", and "Portfolio Diversification Bingo". If they wish, students will have an opportunity to present their stock ideas to other club members.

A NOTE FOR RETURNING CLUB MEMBERS: the club will be a combination of some new things and some things the students have done before. One new game we will play this session is called "Stocknopoly" (like Monopoly, but buying stocks instead of properties).

A NOTE ON THE MEETING SCHEDULE: There may be times when I have to modify the schedule due to work. If this happens I will give as much notice as possible. If for some reason I need to cancel for a week, we will add a make-up meeting(s) onto the end of the schedule (on a Thursday).

Please contact Mr. Austin Kairnes at [akairnes19@gmail.com](mailto:akairnes19@gmail.com) if you have any questions.
