

OLM 2023 Summer Math List

Please select the Math requirements for the grade the student will be entering for the 2023/2024 school year

GRADE 3

Incoming third graders are required to complete the following “Second Grade Review” packet. **Please print the following and return completed packet to your teacher the first day of school:** [3rd Grade Summer Math Packet](#)

GRADE 4

Incoming fourth graders are required to complete assigned IXL math skills. **Please print the following and return completed packet to your teacher the first day of school:** [4th Grade Summer Math Packet](#)

GRADE 5

Incoming fifth graders will find their summer math packet on the 5th grade Google Classroom. Mrs. Nygren will e-mail the parents of each student with the access code for the Classroom as well as the directions for completing the assignment. This packet is due the first day of school and the work for each problem must be submitted with the answers to receive full credit.

GRADES 6, 7 and 8

Incoming middle school students are required to complete 20 IXL strands prior to the start of the 2022-2023 school year. [Middle School Summer Math Packet](#)
